**Plenary of the Intergovernmental Science-Policy  
Platform on Biodiversity and Ecosystem Services****Eighth session**

Online, 14–24 June 2021

Item 10 of the provisional agenda\*

**Organization of the Plenary; dates and venues of  
future sessions of the Plenary**

## **Organization of work of the Plenary and dates and venues of future sessions of the Plenary**

### **Note by the secretariat**

#### **Introduction**

1. In its decision IPBES-7/3, the Plenary of the Intergovernmental Science-Policy Platform on Biodiversity and Ecosystem Services (IPBES) invited members in a position to do so to consider hosting the ninth session of the Plenary, which is scheduled to be held in 2022.
2. Section I of the present note sets out information on the organization of the ninth session of the Plenary, while section II contains information on the tenth session of the Plenary. A draft decision on these matters is set out in the note by the secretariat on draft decisions for the eighth session of the Plenary (IPBES/8/1/Add.2).

#### **I. Organization of the ninth session of the Plenary**

3. In accordance with decision IPBES-7/3, the ninth session of the Plenary is scheduled to be held in 2022.
4. As at 22 March 2021, the secretariat had not received any offers to host the ninth session. Members intending to offer to host the session are encouraged to inform the secretariat of that intention and to submit a formal offer as soon as possible, preferably before the opening of the eighth session of the Plenary.
5. The agenda for the ninth session of the Plenary will include consideration of the thematic assessment of the sustainable use of wild species, the methodological assessment regarding the diverse conceptualization of multiple values of nature and its benefits, including biodiversity and ecosystem functions and services, and the scoping report for a methodological assessment of the impact and dependence of business on biodiversity and nature's contributions to people. It will also include the consideration of requests, inputs and suggestions regarding the IPBES work programme that are received in time for consideration at the session, including those relating to a second global assessment of biodiversity and ecosystem services and an assessment on ecological connectivity, in line with paragraph 8 of section II of decision IPBES-7/1, as well as the Nature Futures Framework developed by the task force on scenarios and models. Regular elections for the membership of the Multidisciplinary Expert Panel will also be held at that session. The draft provisional agenda for the ninth session of the Plenary is set out in annex I to the present note.

---

\* IPBES/8/1.

6. The ninth session of the Plenary has been scheduled to be held over seven days. A draft organization of work for the ninth session, based on the draft provisional agenda, is set out in annex II to the present note.
7. In keeping with the customary time frame for the scheduling of sessions of the Plenary, it is suggested that the ninth session of the Plenary be held in March or April 2022.
8. If no member offers to host the ninth session of the Plenary, it will be held in Bonn, Germany.
9. If it becomes apparent closer to the session that, owing to the coronavirus disease (COVID-19) pandemic, a physical meeting cannot be held, the Bureau will decide on the modalities of the session, taking into account the experience from the online eighth session of the Plenary.
10. The Plenary is invited to provide guidance on the organization of its ninth session and to request the secretariat to take that guidance into account when finalizing the provisional agenda and organization of work for the session. The Plenary is also invited to decide on the venue of the ninth session.

## **II. Organization of the tenth session of the Plenary**

11. In keeping with the customary time frame for the scheduling of sessions of the Plenary, it is suggested that the tenth session of the Plenary be held in April or May 2023.
12. Considering the additional time needed for the organization of sessions of the Plenary due to the ongoing COVID-19 pandemic, the Plenary may wish to adopt a provisional decision at its eighth session on the venue for its tenth session. In line with rule 3 of the rules of procedure of the Plenary of IPBES, the Plenary would need to confirm that decision at its ninth session.
13. By 15 April 2021 the secretariat had received an offer to host the tenth session of the Plenary from the Government of the United States of America. Other members intending to offer to host the session are encouraged to inform the secretariat of that intention and to submit a formal offer as soon as possible, preferably before the opening of the eighth session of the Plenary. Any formal offers received will be made available in document IPBES/8/9/Add.1.
14. The agenda for the tenth session of the Plenary will include consideration of the assessment of invasive alien species and of the further requests, inputs and suggestions regarding the IPBES work programme received in response to the call to be issued in line with paragraph 2 of decision IPBES-7/1. Regular elections for membership of the Bureau will also be held at the tenth session. A draft provisional agenda for the tenth session is set out in annex III to the present note.
15. The tenth session of the Plenary has been scheduled to be held over six days. A draft organization of work for the tenth session, based on the draft provisional agenda, is set out in annex IV to the present note.
16. The Plenary is invited to consider deciding on the date and venue of the tenth session and to provide guidance on its organization.

## Annex I

### **Draft provisional agenda for the ninth session of the Plenary of the Intergovernmental Science-Policy Platform on Biodiversity and Ecosystem Services**

1. Opening of the session.
2. Organizational matters:
  - (a) Adoption of the agenda and organization of work;
  - (b) Status of the membership of the Platform;
  - (c) Election of officers.
3. Admission of observers to the ninth session of the Plenary of the Platform.
4. Credentials of representatives.
5. Report of the Executive Secretary on progress in the implementation of the rolling work programme up to 2030.
6. Financial and budgetary arrangements for the Platform.
7. Assessing knowledge:
  - (a) Thematic assessment of the sustainable use of wild species;
  - (b) Methodological assessment regarding the diverse conceptualization of multiple values of nature and its benefits, including biodiversity and ecosystem functions and services;
  - (c) Scoping report for a methodological assessment of the impact and dependence of business on biodiversity and nature's contributions to people;
  - (d) Work related to the interlinkages between biodiversity and climate change and collaboration with the Intergovernmental Panel on Climate Change.
8. Building capacity, strengthening knowledge foundations and supporting policy:
  - (a) Work programme deliverables and task force work plans;
  - (b) Nature Futures Framework prepared by the task force on scenarios and models.
9. Improving the effectiveness of the Platform.
10. Requests, inputs and suggestions for additional elements of the rolling work programme of the Platform up to 2030.
11. Organization of the Plenary; dates and venues of future sessions of the Plenary.
12. Adoption of the decisions and the report of the session.
13. Closure of the session.
